AN *AFFORDABLE* DOCUMENT MANAGEMENT SYSTEM
FOR DIOCESES AND EPARCHIES

THE SOFTWARE

The Desktop Scanning System: $640   Annual Maintenance $135

- Convert paper documents to PDF, full-text PDF, or multi-page TIFF files
- Indexing documents for retrieval is simple to set up
- OCR generates full-page or zone-specific text output from images

The Enterprise Retrieval System: $1,052   Annual Maintenance $200

- The system includes an embedded MSDE/SQL Server Express database and full support for Microsoft® SQL Server
- Includes an e-mail message manager component that imports, captures, and organizes email messages for some or all of staff.
- Browser-based document viewer enables secure access to and sharing of documents on mobile devices without requiring application installation

THE HARDWARE

Sacramental Book Scanner (WideTEK 25) $11,134

- Large scanning area is 18.5" x 25"
- Foot-petal activated for faster production
- Automatic cropping and de-skewing
- Annual maintenance contract is available (optional)

Auto Feed Desktop Scanner (Fujitsu 6130Z) $1,075

- Scans 30 pages per minute (Simplex) or 60 images per minute (duplex)
- Scans in Color, Grayscale, or Black/White @ 200 dpi to 600 dpi
- 50-page Automatic Document Feeder
- Bundled with Kofax VRS 5.0 software for image enhancement
- 1 year Replacement Warranty included
- All major scanners sold and installed

THE COMPANY

DataBank is a national full service provider of imaging and information solutions. We deliver software/hardware document management solutions, scanning services, and microfilm conversions (film to digital and digital to film)

DataBank provides sales, installation, and training within the continental United States. For more information please visit our website at: www.databankimx.com.

Please contact: Rodney Clark at 225-907-3555 for more information. He has 35 years of experience in the archival business, many with dioceses.
